TO : L U
FROM : L U

SUBJECT: Radio Receiving Sets - Request for.

REF :

1. It is requested that four additional short wave radio receivers (HQ-129-X) be shipped by sea to this station as soon as possible.
2. We have already received and are now using two of these receivers and our records indicate that two are now en route.
3. The four additional receivers will give us a total of eight receivers for the overall program. Of these eight, we contemplate using one at central operational headquarters and assigning five to team operations, such as Hungarian, Czech, German, etc. The additional two will be available for distribution to forward operational points, such as Berlin and Salzburg.
4. Inasmuch as radio broadcasts are our primary source of current news and since our various team operations must necessarily monitor broadcasts very closely, high powered radio receivers of this type are indispensable. I feel, therefore, that this request is entirely justified from an operational point of view.
5. It will be appreciated if you will inform us, at your earliest convenience, when we may expect to receive these four additional receivers.
